To whom it may concern

The Management of Neu Matics South Africa Limited initiated a process to develop the following systems:

- Safety and Health system complaint to Occupational Health and Safety Assessment System (OHSAS) 18001,
- Environment system complaint to ISO 14001,
- Quality management system complaint to ISO 9001

ArcelorMittal performed an audit to certify Neu Matics South Africa Limited complaint with the above mentioned systems in order for Neu Matics South Africa Limited to qualify as a preferred vendor to ArcelorMittal South Africa.

ArcelorMittal South Africa Limited is the largest steel producer on the African continent, currently producing more than 5 million tons of liquid steel per annum. ArcelorMittal South Africa's global standing is further underpinned through becoming part of the world's largest steel producer, the ArcelorMittal Group. The company is the world's number one steel company, with 316 000 employees worldwide.

The outcome of the audit has been overwhelmingly positive. The audit team was in agreement that Neu Matics South Africa Limited management have fully committed to the required standards. The audit team was so impressed by the effort and final score that they offered additional business opportunities to Neu Matics South Africa Limited. The final score exceeded the minimum requirement from ArcelorMittal by 18%.

This validation of compliance to the mentioned standards was received graciously by Neu Matics South Africa Limited. The management indicated their intent to continuously develop and improve these systems. It was also noted that the new work methods employed were very well received by the workforce. Neu Matics South Africa Limited expressed their appreciation to SHERQ-Wise for being instrumental in this milestone by supplying guidance and assistance as consultant on implementing the systems.

Neu Matics South Africa Limited expressed that production gain was evident in making operational risks recognizable, reducible and manageable while ensuring continuous improvement of quality without compromising the environment.

Neu Matics South Africa Limited now follows a process driven approach to the management of health, safety, environment and quality at all levels.

Sincerely,

C. du Plessis, Managing Director
